

This was the week that...

The first week back has flown by and the children have all been working hard. They have coped very well with the new routes in and out of school owing to the building work and things have been running smoothly despite the changes. I would also like to thank all of you for your patience with the changes in drop off and collection.

Year 5 and have slogging away in maths learning about how to draw pie charts. I have been really impressed with how well that have absorbed the instructions and how accurately they have drawn their charts.

Year 3 and 4 have started *The Hobbit* as their new 'Love To Read' text. There is plenty of challenging vocabulary for them to get their teeth into!

We like to practice our spelling at West Row. Here are Year 2 practicing their tricky words with a partner and learning about the 'lonely letter Q!' The letter q likes to have his best friend u with him all the time!

Early Years got straight back into their learning with Dough Disco and their daily inspirations! They are learning all about stories this half term.

Getting excited about stories!

Getting those motor skills moving in Dough Disco!

Year 1 and 2 had a visit from the Planetarium on Monday. The tent was echoing with 'ooohs' and 'ahhhs' as the children were wowed with the wonders of space!

I know some of you have expressed some concerns over the cleanliness of the dining hall at lunchtime. I have taken some photos to show you what things look like. I won't lie to you – it can get a little messy at times, but as you can see in the pictures, we have staff who regularly clean round over the course of lunchtime and the hall is completely cleaned between the Key Stage One and Key Stage Two lunch sittings. We encourage the children to be as careful as they can while eating and to tidy up after themselves.

Half way through KS1 sitting.

All clean before KS2 go in!

Staff keep an eye on cleanliness throughout the lunchtime.
